

WHITE RIBBONERS MEET TOMORROW

State Convention of Badger
W. C. T. U. in An-
nual Convention.

PROGRAM IS COMPLETE

Women From All Over the
State Will Be Present
and Participate.

PRESIDENT MARY C. UPHAM

The auditorium of the Congrega-
tional church is being dressed in yel-
low and white and the national col-
ors today in honor of the coming of
the W. C. T. U. State convention
which opens its sessions tomorrow
afternoon. A number of the local
members of the union have been
busy at the church all the afternoon
draping in effective combination the
colors symbolical of the union and
those which represent the nation
for the sake of which the union is
waging its warfare against intemper-
ance.

The delegates began arriving this
morning at half past nine o'clock
and several are already in the city.
A large delegation is expected to
arrive on the 7:15 o'clock train to-
night, among the ladies in the party
being Mrs. Upham, state president;
Mrs. Shores, Mrs. Cook, Mrs. Fol-
lette and Mrs. Wilson. It is ex-
pected that the greater number of
the delegates will be on hand for
tomorrow morning's session although
visitors will be arriving all day. The
committee of which Mrs. Daisy Athol
is chairman will meet all trains and
every arrangement has been com-
pleted for taking care of the dele-
gates in a hospitable manner.

All of the sessions of the conven-
tion are open to the public and a cor-
dial invitation is extended to the
people of Janesville to share in the
good things which are in store. The
program for tomorrow's session is
as follows:

The Program Tomorrow.
Tuesday Afternoon, May 21.
2:00 Convention called to order by the
president, Mrs. Mary C. Upham, Marsh-
field.
Reading of Declaration of Sentiments,
Crusade Psalm, "Give to the Winds
Thy Fears."
Consecration Prayer, Mrs. R. C. Den-
son, Janesville.
Hymn, "How Firm a Foundation."
Roll call of officers, superintendents and
county presidents by recording secretary.
Organization of convention.
Reading of the minutes of board of
Directors by recording secretary.
Report of Corresponding Secretary Mrs.
W. A. Lawson, Daraboo.
Report of Treasurer Mrs. Ida M. Cooke,
Green Bay.
Report of Auditor Mrs. H. S. Hast-
ings, Green Bay.
3:30 Physical exercises, conducted by
Mrs. Harriet C. Sanderson, Ripon.
3:30 President's address, Mrs. Mary C.
Upham, Marshfield.
3:50 Report of lecture bureau by Sec-
retary, Mrs. G. I. Pollett, Spencer.
4:00 Parliamentary drill, Mrs. V. H.
Campbell, Evansville.
4:30 Announcements.
Music, "We All Belong," convention.
Adjournment.

BOOM MARK HANNA FOR PRESIDENT

The Senator from Ohio Will Be in the 1904 National
Race from Start to Finish.

Philadelphia, May 20.—The boom
of Senator Hanna for president in
1904 is now well under way. The
matter was settled when Senator
Hanna visited Philadelphia recently
and had a conference with Clement
A. Griscom, president of the Interna-
tional navigation company, and Sen-
ator Hanna's close personal friend. At
the interview it was formally decid-
ed to make public the boom of the
senator from Ohio. According to a
statement given out the senator will
be in the race from the start to the
finish and if he fails it will not be
because he did not fight every inch
of the way.

Nearly every national committee-

MRS. M'KINLEY IS OUT OF DANGER

Unless Unforeseen Complications Occur, She Will Be
Taken Home in About a Week—Trip East.

San Francisco, May 20.—Physi-
cians now regard Mrs. McKinley as
quite out of danger and unless un-
foreseen complications arise she will
be taken east in about a week. No
long stops will be made on the way,
but the president may do some
speaking from the rear end of the
train. Before leaving here he will
review the troops just returned from
the Philippines and give a reception
to the school children of the city.

TUESDAY EVENING, MAY 21.
Welcome Night—President Mrs. Mary C.
Upham, Presiding.
7:30 Welcome Song, Children's Chorus.
Prayer, Rev. W. W. Stevens, Presid-
ing Elder Janesville District.
Music Chorus Choir of Congregational
church.
Addresses of welcome (five minutes
each).
For the city, Hon. Victor P. Richardson,
Mayor.
Schools, Prof. D. D. Mayne, Principal.
Churches, Rev. J. T. Henderson.
Women's Clubs, Mrs. B. H. Tanberg.
County W. C. T. U., Mrs. V. H. H.
Campbell, President.
Local W. C. T. U., Mrs. E. A. Poorman,
President.
Solo, Mrs. Christine Hawley.
Responses:
Mrs. I. H. Irish, Eau Claire.
Mrs. M. A. E. Smith, Madison.
Mrs. Augusta W. Bolds, West Superior.
Mrs. Mary C. Upham, Marshfield.
Collection.
Benediction.

KENOSHA GAZETTE IS SOLD.

Old Democratic Daily May Become a
Republican Daily
Kenosha, Wis., May 20.—A deal
has just been closed for the sale of
The Kenosha Daily Gazette, the old-
est daily paper in the city and the
organ of Kenosha county democracy
to a syndicate of local capitalists
represented by B. O. Sturgis, a well
known young attorney. The new
owners of the paper will take charge
tomorrow and B. O. Sturgis will be
the managing editor. The former
editor, H. F. Hague, will retire from
the business.

THREE RULERS TO MEET

Sovereigns of Germany, Great Britain
and Russia Likely to Get To-
gether at Hamburg

London, England, May 20.—It is
considered certain that King
Edward will visit Hamburg in Aug-
ust. He will make a stay there of
three weeks, and during his visit
the German emperor will stop for
a few days at Homburgschloss. It is
probable that the Emperor and Em-
press of Russia may be at this time
at Darmstadt, and a meeting of the
sovereigns of England, Germany and
Russia is consequently regarded as
by no means unlikely.

MILWAUKEE ROAD KEEPING VERY BUSY

Large Force of Men Went to Work
This Morning to Put in a New
Switch Yard.

A large force of men began work
this morning on the St. Paul road in
this city. A switch yard will be
built beyond the round house consist-
ing of eight tracks for the accommo-
dation of the western business.
Another force started this
morning to put in a siding twelve
hundred feet long just beyond the
place where the St. Paul and North-
western roads cross two miles north
of the city. This will be called a
passing track and will be used as
a passing point for trains after the
Janesville & Southeastern gets in
running order. Many of the passen-
ger trains on this new division will
run through to Madison and a meet-
ing point is necessary to accommo-
date some of the trains outside of
the city limits.

T. B. Earle and wife of Edgerton
spent Sunday with Mr. and Mrs. F.
J. Mouat of the town of LaPrairie.

GREAT STRIKE FOR NINE-HOUR DAY; 100,000 MACHINISTS WALK OUT

In St. Louis and New Orleans the Men Won a Vic-
tory Without Striking—President O'Connell
Says It Will Be a Short Strike.

Washington, May 20.—The great
strike of the machinists for a nine
hour day was inaugurated through-
out the United States today. Messag-
es from all parts of the country are
being received at the headquarters of
indicate that probably one hundred
thousand men are out.

In St. Louis and New Orleans the
machinists were victorious without
striking. Very few found it neces-
sary to quit work in Chicago. It is
predicted that the largest stoppage
of work will be on the Pacific coast
but President O'Connell confidently
looks for the ship and iron interests
of that section to come to terms soon.
He says that he does not expect the
strike in any section to be of long
duration and that there will be no
disorder anywhere.

The International Machinists num-
ber 150,000 and the allied trades 600,
000. The precise extent of the strike
can not be foretold. President O'Con-
nell said that telegrams were contin-
ually coming in announcing that ad-
ditional firms were signing the agree-
ment for a 9-hour day and an ad-
vance of 12 1/2 per cent in wages.

It is believed many signatures will
be obtained during the day. Mr.
O'Connell said today: "About 100,
000 machinists will go out in San
Francisco, Denver, Kansas City, Mil-
waukee, Chicago, Indianapolis, Cin-
cinnati, Dayton, Hamilton, Louis-
ville, Buffalo, Rochester, Syracuse,

RAILWAY CAR MEN WILL FORM UNION

Delegates to Meet at Buffalo to Form
a New and Powerful Interna-
tional Organization.

Buffalo, May 20.—About one hun-
dred and fifty representatives of the
railroad car workers in the principal
railroad centers of the country met
here Wednesday to plan a powerful
international organization, which
when perfected would prove to be a
power in the labor world. The
movement is said to have the en-
dorsement of Debs and Gompers.

ATTEMPT AT SUICIDE BY QUEEN DRAGA

Vienna, May 20.—It is reported
here that Queen Draga of Servia
made another attempt at suicide as a
result of the revelations concerning
her bogus confinement. She tried
to shoot herself but the attendant
wrenched the revolver out of her
hands.

MRS. MARY G. UPHAM.
President of the Wisconsin W. C. T. U.

Mrs. Upham is the wife of ex-gov-
ernor Upham and for many years
lived in the pine forests of Northern
Wisconsin where she first became
aroused to the need of work among
the lumber camps. She inaugurated
a systematic plan for supplying
them with good literature by mail
from hundreds of homes. This plan
was productive of such good results
that it was afterward adopted by
other states. Mrs. Upham was super-
intendent of Work among Lumbermen
in the National W. C. T. U. for sev-
eral years, resigning that position on
her selection to the presidency of
the Wisconsin W. C. T. U.
The influence that she has exerted
in her home town is far reaching.
Many years ago she organized a class
of boys and fitted up a hall for their

MOTHERS OF NATION MEET

Women of Columbus, Ohio, Make Pre-
parations for Guests
Columbus, Ohio, May 20.—The Na-
tional Congress of Mothers will con-
vene in this city tomorrow evening
and will continue in session for four
days. The city federation of Wom-
en's clubs has made elaborate pre-
parations for the entertainment of
the delegates. There will be several
social functions, including a recep-
tion to the visitors on the campus of
the state university on Wednesday.
Mrs. Theodore Weld Birney is the
president of the congress.

Eagle Up in Arms.
Eagle, Wis., May 20.—The people
of Eagle are up in arms against Gov.
La Follette for allowing the Overbeck
ice bill to become a law. One of
the largest industries of the village
is the harvesting of ice and the Gray-
don ice company alone cuts 80,000
tons of ice annually. The Knicker-
bocker ice company cuts its ice from
a part of Oconomowoc lake, which is
not meandered, so is not required to
pay a tax while the Graydon com-
pany is.

MR. KIDD SOUNDS A NOTE OF WARNING

WAVE OF SPECULATION MAY
FINALLY HARM BANKERS.

Strong Temptation for Banks to Han-
dle Class of Securities Which in
Recent Past They Did Not Hesitate
to Reject—Condition of Business
in State and Private Banks.

Madison, Wis., May 20.—State
Bank Examiner E. I. Kidd is afraid
the speculative fever now sweeping
over the country will injure the
banking interests of Wisconsin. In
his last quarterly report of the con-
dition of the banking institutions of
the state, the examiner sounds a
note of warning to bankers.
"In my judgement," he says in his
report, "the present speculative era
may be productive of harm, as there
are many temptations and incentives
for bankers to loan money upon se-
curities which are speculative in
their character and likely to prove
harmful to the safety of the institu-
tions which do not exercise a proper
degree of caution. There is a
strong temptation at the present time
for bankers to handle a class of se-
curities which, in the recent past,
they did not hesitate to reject. Bank-
ers should be exceedingly careful
during the present period."

The examiner's report shows that
the state and private banks, over
which he has supervision, are in
strong and prosperous condition. The
report covers the period from Decem-
ber 13 to April 25. The examiner
says further in his report.
"The increase in loans and dis-
counts since December 13 last (the
time of the previous report) is \$2,
220,107.01; increase in deposits, \$5,
390,813.37, which is the greatest in-
crease in deposits in the same length
of time since the formation of this
department. Another notable fea-
ture of the statement is the marked
decrease in the amount of liabilities
represented by bills payable and bills
rediscounted. The call of Decem-
ber 3 showed \$433,963.37. The pres-
ent call shows \$122,892.69, a de-
crease of \$311,070.68. The cash re-
serve is 30 per cent."

The examiner will issue his report
on the building and loan associations
of the state for the period ending
December, 1900, today. These
associations, which number forty-
eight, are enjoying great prosperity.
The aggregate resources of the as-
sociations are \$3,580,125.08, an in-
crease for the year of \$89,655.30.
Loans increased \$135,518.08, and the
capital stock \$60,795.32. The total
amount of dividends paid was \$131,
480.68, an increase over the previous
year of \$17,869.72. The surplus and
undivided profits amounted to \$369,
479.89, an increase of \$4,801.01.

CARNEGIE'S GIFT TO SCOTTISH SCHOOLS

Edinburg, May 20.—Andrew Car-
negie has given two million pounds
to pay the fees of all the Scottish
students at the Scottish universities
of Edinburg, Andrews, Glasgow and
Aberdeen. This gift is for his fel-
low countrymen alone and does not
embrace English or colonial students.
A trust will be constituted to admin-
ister the funds.

CONSTITUTION FOR RUSSIA BY CZAR

Paris, May 20.—The Rappel (news-
paper) this morning reports a Rus-
sian statesman as saying the czar
contemplates giving Russia a consti-
tution. A similar report was cir-
culated about two weeks ago.
Dr. Criston of Paris, France,
spent Sunday in this city.

PAN-AMERICAN EXPOSITION OPENS

Dedication Day of Great
Six Months' Festival
at Buffalo, N. Y.

DAY A CIVIC HOLIDAY

Wonderful Beauty of the Com-
pleted Work of Grounds
and Buildings.

OVER 300,000 PEOPLE ATTEND

Buffalo, May 20.—Buffalo awak-
ened this morning to a realization of its
three years dream of the official open-
ing and dedication of the Pan-Ameri-
can exposition. The gates opened

PRESIDENT JOHN G. MILBURN.
at 8 a. m. and thousands immedi-
ately sought entrance.

At noon the parade which had
swept up and down the city streets
reached the exposition grounds and
soon after the dedication exercises
began. Speeches were delivered by
Vice President Roosevelt, Lieut.
Governor Woodruff, Senator Lodge
and others. At the close of the
ceremonies at 1:25 the aerial guns
were fired.

Work to Complete the Show
There has been a concentration of
energy in the effort to prepare the
exposition grounds for the opening

DIRECTOR GENERAL WILLIAM I. BUCHANAN.
ceremonies, and an immense amount
has been accomplished in the last
twenty-four hours. An army of
3,000 men engaged exclusively in
cleaning the buildings, grounds and
streets, and thousands of carpenters,
painters are at work on and in the
buildings. The last of the network
of scaffolding that for weeks has en-
veloped buildings and towers is being
torn away and the exterior view to-
day was marred by but few signs of
incompleteness.

Attendance and the other elements
of a successful opening depend upon
the continuance of clear weather.
The city is rapidly filling with visi-
tors and it is estimated that 150,000
persons participated in the ceremon-
ies. It is a holiday in Buffalo and
all of the surrounding cities and
towns sent in holiday crowds. One
large manufacturing concern has
bought tickets for its 2,500 employes
and sent them into the city by three
special trains, and in a smaller way
the same feeling of generosity is be-
ing manifested everywhere in this vi-
cinity.

Scene of Wonderful Beauty
BUFFALO, May 20.—The dedication of
the Pan-American Exposition today
was performed in a manner befitting
the great occasion, a large attendance
testifying to the widespread interest in
the mammoth enterprise. Fully 300,
000 people were on hand to take part
in the grand event. The day was made
a civic holiday, and there was a gen-
eral outpouring of people from cities
and towns within 200 miles of Buffalo,
both in the United States and Canada,
by way of the 20 or more great lines
of railway which center in this city.
The city was astir at an early hour
to witness or participate in the pro-
gramme. Mr. Louis L. Babcock was

WARM WELCOME TO REV. VAUGHAN; FIRST SERMON AT BAPTIST CHURCH

An Immense Congregation Received Him Both at the Morning and Evening Services—Has a Fine Delivery, and Made a Good Impression.

Yesterday was one of pleasant significance to the people of the Baptist church for it marked the close of their pastorless existence and the beginning of new ties. No better wish could be made for the future of the Baptist church and its new pastor, Rev. Richard M. Vaughan, than that their first Sunday together as pastor and people may be an auspicious omen of all the days which are to follow.

Two magnificent congregations filled the Baptist church yesterday and warmly welcomed Rev. Vaughan to the church and to the city. The morning service was especially impressive. The ladies' trio, including Mrs. S. T. Learned, Miss Elizabeth Abbott and Miss Franc Edwards sang two exquisite anthems, "Say, Where Is He Born" by Mendelssohn and "Thou Shalt Love the Lord," by Costa. An anthem by the boys' choir also added much to the pleasure of the service.

Greetings from Rev. Mr. Pence. Before beginning his sermon Rev. Vaughan said that he was pleased to bring fraternal greetings to the people from Dr. E. H. Pence, who had said many pleasant things concerning not only the people of the church but of the city. He was glad to bring good words of Dr. Pence's work in Detroit.

Rev. Vaughan's first message to his people was on "Glorifying in the Gospel," his text being found in Romans 1:16. "For I am not ashamed of the gospel of Christ; for it is the power of God unto salvation to every one that believeth."

"These words of Paul's," he said, "are no merely negative statement. They are a declaration of utmost positiveness and are equivalent to the assertion 'I glory in the gospel' made with all of the force of Paul's powerful personality. We of today look back over the achievements of centuries.

In the Time of St. Paul.

"If ever it was permissible to be ashamed of Christianity it was in the times of St. Paul. Think of its humble origin. Its founder and leader was lowly. The charter members of the new kingdom were mostly fishermen. Many moral outcasts were attracted to its teachings but, with but few exceptions, it was rejected by the cultured classes. Its followers were for the most part slaves, poor people and reformed disreputables. Intelligent thinkers were opposed to its doctrines, popular prejudice declared it superstition and imputed vile things to it, everywhere there was denunciation and aversion.

"Yet it is at this time that Paul declares that he glories in the gospel. His life proves the truthfulness of his words. Even from the first when the scales of unbelief fell from his eyes he preached the gospel. The letter from which the text was taken was written in the rich and voluptuous city of Corinth, the seat of philosophy, the eye of Greece. Even in Rome, the world's capital, he had no word of apology for his faith and he declared it in the imperial palace in the presence of the mighty Caesar. We would have known it if these words had never been written for his whole life proclaims it.

Natural to Glory in Power

"Why did Paul so glory in the gospel? The answer is found in these words 'for it is the power of God unto salvation.' It is natural to glory in power. Even the small boy takes pride in physical power. Our admiration is not confined to power that is centered in ourselves, nor is it limited to physical power. Take music with its subtle power to move men to heroic deeds or oratory which stirs men's souls.

"In ancient times none so gloried in power as the Romans, practical conquerors of the known world. The empire was the most tremendous, incarnate and organized power and in the person of the emperor the people deified it.

"Christ recognized the peoples' love of power and proclaimed his gospel greater than all Rome. Scholars and politicians were amused, but how did the contest eventually result? Apparently the contest between rich and influential heathenism and the lowly early church was the most unequal in history, but today the mightiest nations in the world own the power of the gospel and it will soon dominate the world.

"The gospel is furthermore divine power. We stand in awe of the

WEAK NERVES

mean thin blood, and thin blood means an unhealthy stomach. To strengthen the nerves and purify the blood Hostetter's Stomach Bitters should be taken faithfully. It will not fail to cure Constipation, Indigestion, Dyspepsia, Nervousness, and prevent Malaria Fever and Ague. Why not get well at once by trying the Bitters? See that our Private Revenue Stamp covers the neck of the bottle.

BE SURE YOU GET THE GENUINE. Hostetter's Stomach Bitters

May festival on Tuesday evening of next week. The children will be assisted by Miss Pearne Peake of Lake Geneva.

The Beloit district convention of Congregational churches will be held in Edgerton on this week Tuesday and Wednesday. Anyone who could go for a day or part of a day would be fully repaid.

NEW TELESCOPE FOR WILLIAMS BAY

The Yerkes Observatory at Williams Bay will receive this year a new and important addition to its already splendid equipment. The requirements of the later developments of the allied sciences of astronomy and astrophysics demand a wide diversity of equipment and many expensive instruments. The complete mechanical and optical workshops in the university of Chicago's great observatory enable that institution to rise to the needs of the hour at the least possible expense and with the greatest degree of satisfactory results.

A horizontal, reflecting telescope of great focal length is now being constructed and promises to be of immense value in future observations. This instrument is being set up just south of the east end of the observatory. The buildings consist of a double laboratory, thirty feet long and about twenty feet wide, and a rectangular tube 165 feet long about five feet high, nine feet eight inches wide at the end next the laboratory and four feet wide at the other.

The optical portions consist first of a coelostat, which is a mirror mounted so as to be moved by clock work to correspond with the motion of the earth and hold the reflected ray of light from star or sun in a stationary position. This mirror has a plane surface and is thirty inches in diameter. The reflected ray of light is received by a second mirror which is adjustable to allow for the widest possible range of position of the object to be observed. This is also a plane mirror and twenty-four inches in diameter. From this glass the light is reflected through the length of the tube to a concave mirror at the smaller end. This mirror has a focal length of 165 feet, and forms an image of the object at a point near the coelostat.

In direct photography the image will be received upon a photographic plate, mounted upon a pier of masonry in a frame provided with an eyepiece and adjusting screws. The eyepiece is provided with usual cross-hairs, and during the exposure, which in some cases may last for hours, the astronomer will watch the image constantly to keep it in exactly the same position on the plate, as many variations are caused by unsteadiness of the atmosphere and similar circumstances.

Sales of Seed Leaf

Sales of seed leaf tobacco reported by J. S. Gans' Sons, Tobacco Brokers, No. 128 Water street, New York, for the week ending May 20, 1901:

100 cases crop of 1900 New England Havana Seed at 2 1/2 to 65 cents.
500 cases, crop of 1900, Wisconsin Havana for export.
300 cases, crop of 1899, Pennsylvania Seed Leaf at 12 1/2 to 13 cents.
250 cases, crop of 1899 Zimmers, at 15 to 16 cents.
150 cases crop of 1899, Wisconsin Havana, at 11 to 12 1/2 cents.
Total, 1,500 cases.

Card of Thanks.

We wish to extend a vote of thanks to our many friends who were so generously kind in their assistance to us during our sorrow, occasioned by the loss of our brother and father, James O. Bacon. Mr. & Mrs. Geo. A. Warren, D. O. Bacon, CHARLES E. BACON.

To Establish Shoe Factory.

Messrs. Alex. Richardson and W. M. Cobblins of Rossville, Ill., were in the city today and were shown about the city by two of our citizens with a view of bringing to this city a shoe factory. Messrs. Richardson and Cobblins are the proprietors of a shoe factory at Rossville that employs one hundred workmen, but the town is too small to accommodate more workmen and as they wish to increase their business they are now looking for a place that will give them proper support and where they can employ about 200 hands. If given enough encouragement by our citizens they may locate here. A meeting will be held this evening and the matter probably decided. —Monroe Journal.

Half the ills that man is heir to comes from indigestion. Burdock Blood Bitters strengthens and tones the stomach; makes indigestion impossible.

Accidents come with distressing frequency on the farm. Cuts, bruises, stings, sprains, Dr. Thomas' Eclectic Oil relieves the pain instantly. Never safe without it.

"Little Colds." Thousands of lives sacrificed every year. Dr. Wood's Norway Pine Syrup cures little colds, cures big colds too, down to the very verge of consumption.

Itching piles? Never mind it, physicians have failed to cure you, Try Doan's Ointment. No failure there. 50 cents, at any drug store.

Buffalo is giving the people a show and is therefore opposed to trusts.

JANESVILLE SURE TO GET TOURNAMENT

Preparations for the Annual Golf Meeting in This City Next July Are Under Way.

Secretary J. P. Baker of the Mississippi golf club has received letters from a number of the prominent golf clubs of the state in regard to the proposed state league, and the holding of the first annual tournament in this city. In every case the clubs heard from favored the formation of the league, and gave Janesville the preference in regard to holding the tournament.

The Racine club brought the matter up at a directors' meeting and the letter from the secretary states that the generous offer of a tournament and a trophy for the same was heartily endorsed. They would endeavor to be represented at the tournament.

The La Crosse club favors the plan and it was the sense of the meeting of the board of directors that the club cooperate with Janesville in the matter.

Appleton heartily endorses the plan and will endeavor to be represented at the tournament. Madison endorses Janesville, as does Kenosha, Waupaca, Beloit, Superior and Oshkosh.

Secretary Baker went to Milwaukee yesterday to meet some of the officials of the Milwaukee Country club to see if some agreement could not be reached and the question as to who should have the tournament settled. There is no doubt but that it belongs to Janesville, as President Schaller and Secretary Baker were the originators of the idea and worked hard to bring the matter to a successful conclusion.

A large amount of money is being laid out the present season the grounds and when the work now unwill be equal to any in the state.

The club house has had many improvements made in the interior fittings that will greatly improve its convenience.

The two small houses have been moved and made into one commodious cottage for the use of the green keeper.

By the middle of July, when the tournament would be held, the grounds would be in first-class shape for fast play and many low scores may be expected.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Sent for list of testimonials.

Address, J. C. CHENEY & CO., Toledo, O. Sold by Druggists, etc. Hall's Family Pills are the best.

"A cup of Mrs. Austin's Wheat Food makes breakfast for seven persons, hence is more economical than any similar preparation.

Big Minstrel Festival

The three magnificent bands of Rusco and Holland's Big Minstrel Festival, which will appear at the Myers' Grand on Friday, May 24, will give a grand free concert at 2:30 p. m. The bands will at first alternate with each other, but afterwards combine into one grand organization under the leadership of Jas. S. Lacey, acknowledged to be the best colored musical director in the world. In a program consisting of popular and classic music, differing widely from the concerts usually given by traveling companies.

Headache

Is often a warning that the liver is torpid or inactive. More serious troubles may follow. For a prompt, efficient cure of Headache and all liver troubles, take

Hood's Pills

While they move the liver, restore full regular action of the bowels, they do not grip or pain, do not irritate or inflame the internal organs, but have a positive tonic effect. 25c. at all druggists or by mail of C. I. Hood & Co., Lowell, Mass.

Perfumes

We have lately added to our already large stock, several new odors, which we think are ahead of anything in fragrance, lasting qualities, etc. We carry the largest line of perfumes in the city and can always supply fresh goods. Call and get a sample on your handkerchief.

Prices, 25c to \$1.00 Per Ounce.

Safe Blower is Located.
Frankfort, Ind., May 20.—Charles E. Miller, a business man of this city who was arrested last February for blowing open a safe in a big dry goods house in this city and who subsequently jumped a heavy bond, has been located in Texas. It has been learned that Sheriff Corps left for Texas bearing requisition papers for Miller.

Smallpox on Big Liner.
New York, May 20.—The Hamburg-American line steamer Pretoria, which arrived today from Hamburg via Bonaire and Plymouth, with 125 cabin and 304 steerage passengers, is detained at quarantine, one of the passengers having smallpox.

America Gets the Islands.
New York, May 20.—According to a Journal and Advertiser dispatch from Copenhagen negotiations have been concluded with the United States by which the latter acquires the Danish West Indies. The purchase price settled upon is \$4,000,000.

Women Saloonkeepers Form Club.
Milwaukee, Wis., May 20.—Ninety widows, all in the saloon business, have formed an association to be known as "The Ladies of the Royal Circle." The object of the association, according to the promoters, is for social and business advancement.

Scandal in National Guard.
Bloomington, Ill., May 20.—Scandalous fraud in an Illinois National Guard election in this city is likely to result seriously to several members of Troop B, First Cavalry.

ARE YOU PLUMP
or thin? red cheeks or sallow life in your step or feel you weight? are you comfortable or hoping to be so next spring or summer or fall?

One is health; the other is not-quite health.

This condition of not-quite health can be turned into health with Scott's emulsion of cod-liver oil.

It is a pity to get in the habit of thinking of health as a thing to be hoped for; why not go for it now!

There is only one way to make strength: by food. You want appetite first, then food. The emulsion will give you food-rest, to master your food with.

We'll send you a little to try, if you like. SCOTT & BOWNE, 409 Pearl street, New York.

The Skin AN INDEX TO THE BLOOD

Millions of little glands or tubes connect the blood with the skin, and through these small drain pipes perspiration passes out, carrying with it the impurities that are thrown off by the blood. Should the pores of the skin be entirely closed for even a brief space of time, and the poisonous matter forced back into the circulation, instant death would result. In addition to the sweat glands, the skin is provided with certain others which pour out upon it an oily substance, keeping the skin pliable and soft and protecting it from heat and cold. The blood and skin are so closely related that whatever affects one seriously interferes with the functions of the other. Not only health, but life itself, depends upon perfect harmony between the blood and skin. When, therefore, the blood becomes poisoned from any cause, it quickly manifests itself upon the skin in the form of sores and ulcers, pimples and various eruptive diseases. By the character of the

Internal and External Poisons
sore we are enabled to determine the nature of the poison or humor in the blood, as every disease originating in the blood has its own peculiar sore or pimple. The skin is not only affected by the poisons generated in the system, but poisons from without enter through the open glands or pores and quickly infect the blood. Mercury rubbed upon the skin will produce Rheumatism, and Poison Oak and Ivy and other wild plants gain easy access to the blood through the skin. As so-called skin diseases originate in the blood, the application of powders, soaps and washes can do no permanent good, but often do immense damage by closing up the outlet to these little tubes and interfering with the natural action of the skin. The treatment must begin with the blood, and the acid or other poisons antidoted or neutralized. S. S. S. does this and purifies the circulation, builds up the blood and flushes the little glands or pores with pure, new blood, and restores healthy action to the skin. The use of cosmetics never yet brought health and beauty to a rough, red, pimply skin or sallow complexion. What is needed is rich, pure blood, such as S. S. S. makes. It not only relieves you of all disgusting blackheads, blotches and irritating, itching eruptions, but improves your general health. S. S. S. contains no mercury, potash, arsenic or other mineral, but is a purely vegetable remedy and the safest and best in all blood and skin troubles. Write our physicians for advice or information; they have made a study of blood and skin diseases, and you can have the best medical advice without cost. Book on Blood and Skin Diseases free.

How Many Tobacco Growers

In Wisconsin were able to deliver 2013 lbs. of tobacco per acre from eleven acres commanding 9½¢ per pound straight that did not use

Bone Fertilizer?

Don't all speak at once. Use 400 lbs. per acre and use it every year till you have raised the grade to No. 1—less acres and more fertilizer will do the business—I intend to keep it on hand, but your order should be placed early to be sure of a supply, as the demand will be largely increased this year.

Look for Circular Letter Giving Particulars.

MANUAL TRAINING.

People who are skeptical about the manual training department of the high school, will be compelled to admit that it is intensely practical.

The course covers a period of four years, and it is safe to say that any boy who graduates from it, has laid the foundation for an industrial education that will be perfected by a very short course of experience.

This fact is demonstrated by an offer that came from Chicago a few days ago to take the graduates and give them employment at ten dollars a week, and advance them as ability developed.

There is no theory about this kind of a proposition, and it speaks volumes for a practical education. There are two or three sides to the question that are worth considering.

In the first place the course carries with it the necessary development of the brain, to intelligently express through the hand, the knowledge acquired. It attempts to lay the foundation for successful study and work, in the great university of life, and it graduates the boy at an age when he is able to grasp opportunities, with a feeling that he does not know it all.

More than this, it is a course that is possible to the average boy, who, but for it, would leave school from the grades, and take up active work with practically no equipment, except a vacant mind, and uneducated hand.

It helps a boy to discover himself, the most important discovery that a boy ever makes, because it fills him with hope and ambition, and starts him out in a line of work for which he has some genius, and natural adaptability. The boy who fails to start right in life, is handicapped for the race, a drawback that always hinders, and frequently results in failure.

The average father possesses the feeling that when the boy reaches young manhood, with well developed muscles, and a fairly well stored mind, that he should be able to make a living, and win success in almost any line of work, and so the boy leaves home with a "God bless you," to find every channel full of young men, simply looking for a chance to work. He joins the ranks, and looks in vain, until becoming desperate, he accepts any sort of a position that has an honest dollar behind it, and settles down to become a plodder, when he might have been an athlete in the channel of his genius.

With a diploma from the manual training school he would take his place in some chosen department of the industrial world, with chances very largely in his favor.

There is another feature connected with this work, that will in time revolutionize some of the abuses imposed by organized labor. In many of the trades, the number of apprentices employed is limited by iron clad laws, so that a boy has no opportunity to learn the trade of his choice however ambitious he may be.

The manual training school forestalls this sort of nonsense, and gives the boy a chance. This may be a little demoralizing to labor unions, but it has the endorsement of public sentiment. Every high school should have a manual training department, and it should be liberally supported.

THE RIGHT MAN.

Some one who evidently had a grudge against James E. Heg, late superintendent of the Green Bay reformatory, caused to be published a statement that his appointment to a similar position in New Jersey, was criticised as political and secured through the influence of his brother-in-law, Congressman Fowler.

Governor Voorhees denies the charge emphatically, and says that Mr. Heg was selected because of his ability, after looking the country over for the right man.

The friends of Mr. Heg in Wisconsin, and he has a host of them, appreciate Governor Voorhees' defense. The state of New Jersey is fortunate in securing Mr. Heg to organize and conduct the new reformatory. He possesses the intelligence, the knowledge, and the peculiar ability, so difficult to find, for this important work. The state will have no occasion to regret the choice made.

The political tactics of ex-Senator Gorman have received a rebuke by the overwhelming republican majority at the recent municipal election in Baltimore.

Mr. Thurber and Mr. Logan, two representative "Trust" men have attempted to answer Russell Sage in his attack of the "trust." The strange part of their replies is that one man explains how the trusts

have raised prices and another explains how the trusts have reduced prices. This simply shows that figures can be manipulated so that they will lie.

The Chicago Tribune, in a scathing editorial denounces Dowle, and says that Chicago will no longer tolerate the impostor. It is well that the Chicago press has taken hold of the man. If he is able to defy all law the court of public opinion should be called in to pass judgment upon his questionable methods, and blasphemous utterances.

Governor La Follette is antithetical to the thanks of all good citizens, for his action in suppressing the prize fight at Oshkosh. It is about time that this class of sports were driven from the country, Wisconsin soil is not congenial for thugs and the governor was not slow in recognizing the fact.

The court that granted an injunction in the recent Wall street corner has played the baby act and established a precedent which will be used as a club by unscrupulous stock gamblers.

No state can debar from marriage a large section of its people as is proposed in Minnesota without running the risk of marriage itself becoming a matter of indifference.

When the presidential party arrive at Lincoln, Neb., the newsboy of the Platte may be able to sell some papers.

When the Wall Street exchange deals in 78,000 more shares than a railroad has ever had it comes pretty close to gambling.

A thief got away from Mr. Morgan's house before he was robbed of his loose change.

DR. ROBERTS KEPT BUSY AT HIS WORK

State Veterinarian E. D. Roberts returned home yesterday from an extended business trip throughout the state. He visited Racine, Ashland, Washburn, Chippewa Falls, Eau Claire and Flambeau, Wis., on the trip.

At Flambeau he drove thirty-five miles across the country to the farm of the Daniel Shaw Lumber company and examined a herd of cattle owned by the company. He found many of them diseased and killed seventeen head. The post mortem examination revealed the fact that all of the cattle were afflicted with tuberculosis. At Eau Claire he killed eight head belonging to the Ingram Lumber company, which were affected with the same disease. During the last month the doctor has been exceedingly busy looking up reports of diseased cattle. His duties take him all over the state and he has many long drives in connection with his railroad trips.

MEMORIAL SERVICE AT HIGH SCHOOL

The members of the Grand Army and the Woman's Relief Corps have been invited to attend a Memorial service to be given by the students of Janesville High school at the school building, May 29. This service has been held at the high school for two years past and has been a source of pleasure and satisfaction to the veterans by whom it is considered a compliment, an honor and a very delicate courtesy. It has also been a source of patriotic inspiration to the school.

Arrangements for the program this year are in the hands of the Junior class. There will be the usual orations and declamations and the school glee club will sing some appropriate selections. As usual there will also be an address by some member of the Grand Army.

Birthday Anniversary.

Norris M. Jackman of the town of Harmony will long remember his seventy-fifth birthday. On Friday last about thirty-five of his neighbors living in the surrounding country gathered together and perpetrated a surprise on Mr. Jackman that was a complete success. The members of the party clubbed together and purchased a handsome easy chair which was presented to Mr. Jackman by his guests. The spokesman of the party made the presentation in a few well chosen words. Mr. Jackman was so overcome by this mark of esteem that he was unable to respond. His daughter accepted the gift for him and thanked the party for the handsome remembrance.

An excellent supper was served by the ladies of the house and the balance of the evening was spent in playing cards and having a jolly good time. When the guests departed they one and all wished him many happy returns of the day.

F. H. Parker of Beloit was a Sunday visitor to this city.

Piano Tuning

W. F. HURSEY, The Expert Piano Tuner and Repairer, is prepared to do work in the city on short notice. Telephone, 25-2 rings.

Pan-American Blend

BAILEY CATERING CO.
(INCORPORATED)

PAN AMERICAN EXPOSITION

FRED J. BAILEY,
General Mgr.

OFFICES: D. S. MORGAN BUILDING.

H. W. M.

C. D. Gregg Tea & Coffee Co.,
St. Louis, Mo.

Gentlemen:—

I enclose you contract for the supply of coffee for the Bailey Catering Company, at the Pan-American Exposition, to be held in Buffalo during the coming summer. In the selection of your coffee, in competition with samples submitted by a number of the largest Importers and Roasters in the country, I have been governed entirely by the quality of the same. My experience with the coffee supplied to me during the past year or so by your house has been so uniformly satisfactory that I feel that I could do no better than to complete this arrangement with you. The amount of coffee which this involves will probably amount to as much or more than has ever been supplied to one consumer in the same length of time, and I congratulate you upon your enterprise in having secured this contract.

Very truly,
BAILEY CATERING CO.
Fred J. Bailey

No trouble to show Moulding.

THE SAVINGS STORE,
R. E. Winbigler & Co. 7 S. Jackson Street.

QUEEN QUALITY

A Royal Array of Spring Footwear.

This "Queen Quality" proposition is unique in a way. True, there may be many shoes that are comfortable, stylish, good—no one has a monopoly of the facilities that create "best." Then, although not a common practice, there are several other brands which are sold at a uniform price. And, again, \$5.00 a pair is not a remarkably low price for women's shoes.

But that you may buy faultlessly made shoes, cut from the choicest leathers, in the most approved designs, and at \$5.00 a pair, Oxfords \$2.50, comes only by virtue of the "Queen Quality" proposition.

You may choose from many different styles. Your shoes, if chosen from "Queen Quality," may be feather weight and dainty or more substantial, with welted soles, and made on the fashionable mannish models.

They have high, medium cut low heels. They may be of any leather that pleases your fancy—Kibbo Patent Kid, French Patent Leather, Kibbo Kid, Kibbo Kid, or Kibbo Enamel Kid.

The tops may be uniform with the vamp, or made of fine cloth or soft mat kid leather.

Then you may have any style toe, tipped or plain; any width from AA to EE; any size from 2 1-2 to 8; and, best of all, any shape that best conforms to the form of your foot and your idea of beauty.

Does any other shoe offer more?

Does any other offer nearly so much for quite so little?

Boots, \$3.00 ALL Oxfords, \$2.50

AMOS REHBERG & CO.

BAPTISMAL VOWS RENEWED BY 1,000

IMPRESSIVE AND SOLEMN SERVICE AT ST. PATRICK'S

Great Throng Carries Candles at the Closing Meeting of the Catholic Mission—The Mission Was in Every Particular a Grand Success—Large Crowds Attended Yesterday.

The mission at St. Patrick's church, conducted by the Carmelite Fathers of Chicago, came to a close last night. It is the general opinion, voiced by the Very Rev. Dean McGinnity, that the mission was in every particular a great success. Much fruit is expected from the work of missions.

Every morning during the week at the early hour of five saw a large congregation assembled to hear mass and listen to the able discourses of Father Brennan who also preached at the 9 o'clock mass. The evening instructions of the great truths of religion drew a large audience usually taxing the seating capacity of the sacred edifice to its utmost. Father Feehan is a forceful, pleasing speaker, touching mind and heart by his sound learning and graceful oratory.

The services yesterday were very largely attended and the chorus choir rendered a very fine musical program the accompaniments being played by Miss Marie McLernan, organist, assisted by John M. Smith, violin, and Joseph Mahoney, trombone. The choir under the direction of D. D. Bennett, sang exceptionally well.

At the 10:30 o'clock mass Father Feehan preached a very able sermon on "Devotion to the Blessed Virgin," establishing her position in the church by the use of the Scriptures. His evening sermon was one of the finest of the mission, his subject being "The Relapsing Sinner."

In the afternoon at 3:30 o'clock a conference for men was held and nearly 300 men listened with interest and profit to the words of practical advice given by Father Brennan. He spoke of the "Duties of Men," speaking in vigorous style of the relations they should sustain to God, to the church and to society.

The church was crowded to overflowing at the evening service and after the rosary and the sermon, Dean McGinnity made a few eloquent remarks on the mission speaking of the great zeal of the missionaries and commending the attendance of the people.

An impressive and solemn service and well as a beautiful one was the renewal of the baptismal vows by the members of the parish when one thousand people with lighted candles pledged again their loyalty to the church. The papal blessing was pronounced by Father Feehan after which the venerable pastor of the church, Dean McGinnity, gave the benediction of the blessed sacrament. His worthy assistant, Rev. Father J. J. Collins, served as deacon and Father Brennan as sub deacon.

During the mission a number of visiting priests assisted in the services especially in the hearing of confessions which kept the priests busy until after midnight several evenings.

Louis Dopp Injured

Louis Dopp met with a serious accident yesterday while raising a window at his home in the First ward. The window did not raise easily and while making an effort to start it Dopp slipped and shoved his hand through the glass. The first two fingers of his right hand were badly cut and a number of small pieces of glass remained in the flesh. Dr. Q. O. Sutherland attended him and removed most of the glass, but thinks there may be some particles yet in the flesh.

Elks' Convention.

The convention of the B. P. O. E., to be held in Milwaukee July 23-25 will be of interest to the local fraternity, many of whom expect to attend. Before going call at The Gazette job room and leave an order for some of the very tasty cards we are getting out for this occasion.

Trial to Die in a Cell.

Columbus, O., May 20.—Harry Higgins, aged fourteen, arrested on charge of having robbed Smythe's book store, attempted suicide at police headquarters today by hanging himself with his suspenders in a cell.

BURIED WITH ALL A SOLDIER'S HONORS

Funeral of Patrick Riley One of the Largest and Most Impressive Ever Held in This City.

One of the largest and most impressive funerals ever held in the city was the one in memory of Patrick Riley held from St. Patrick's church this morning at 9:30 o'clock. W. H. Sargent, Post, No. 20, G. A. R., of which organization deceased was an honored member, marched to the home, 151 Galena street, and escorted the remains and the sorrowing mourners to the church where requiem mass was celebrated. The church was filled with sympathizing friends and many eyes were filled with tears during the impressive service. Dean E. M. McGinnity preached the eloquent sermon and not only eulogized the deceased but paid glowing tribute to his comrades of the Grand Army who survive.

Six nephews of the deceased, P. J. Riley, Edward Riley, John Keenan, John Riley, Edward Gillespie and William Gillespie officiated as pall bearers until the service at the church was concluded. Then the Grand Army took charge, S. C. Coob, J. L. Bear, F. Lee, Jerome Howland, E. G. Harlow and J. A. Kipp being the comrades detailed by the post commander, W. J. McIntyre, to serve as pall bearers.

The Grand Army preceded the funeral cortege, John Kruse being the color bearer. By the side of the hearse as a guard of honor marched the firing squad; Martin Halverson, J. Reeder, Lucius Lee, J. G. Wray, H. W. Perrigo and S. C. Burnham. At Mount Olivet cemetery the Grand Army ritual service was used and all that was mortal of Patrick Riley was buried with all the soldier's honors. E. Hiller was chaplain and he was assisted in the service by C. D. Child, M. Halverson and A. F. Lee. At the conclusion of the burial service three volleys were fired over the grave.

Many relatives and friends from out of the city attended the funeral and the procession which moved away from St. Patrick's church to the solemn tolling of the bell was one of the longest which ever followed a private citizen to his final resting place.

NEWS OF A PERSONAL NATURE

Edward Tiese of Beloit spent Sunday in this city.

R. W. Hill of Elyria, Ohio, came up from Beloit yesterday and took dinner at the Myers.

Fred S. Richardson of Beloit, a son of R. J. Richardson, spent Sunday in this city.

Father Jones of Cassville was in the city yesterday and officiated at St. Mary's church. Father Jones has a great deal of musical ability and is receiving many compliments from the members of Father Goebel's parish.

Mr. and Mrs. Frank N. Webster of Milwaukee are visiting in the city and will be here for a week or ten days.

Charles E. Bacon of Stoughton, is in the city, whence he came to attend the funeral of his father, James Orris Bacon. He is the guest of his aunt, Mrs. George A. Warner, 107 Pearl street.

Luis Jackson of Chicago, Ill., industrial commissioner of the Chicago, Milwaukee & St. Paul railway, was in the city on business today.

Wants To Bid on City Hall.

Architect A. W. Rush of the firm of E. A. Rush & Co. of Grand Rapids, Michigan, is in the city. He came here for the purpose of looking over the city hall site and ascertaining what the city wished to erect in the way of a building. He will make a bid to the committee to furnish the plans for the new building. His firm is now building a fine court house at Mason City, Ia. He comes highly recommended and will submit a proposition to the building committee.

Repairs on Jackman Block.

Contractor John P. Cullen started this morning erecting the protecting sheds over the sidewalk on the Main and Milwaukee street fronts of the Jackman block. As soon as they are erected the work of removing the portions of the walls necessary by the proposed changes will be commenced. The block when completed will be one of the best appointed and up-to-date office buildings in the city.

NEWVILLE NEEDS A BRIDGE BADLY

County Board Committee Has Gone There Today to See What Can Be Done.

The county board building committee visited Newville to see what sort of a bridge is required across Rock River at that point. The committee consists of J. E. Gleason, E. H. Ransom and W. B. Andrew. The resolution to build a bridge there was passed at the last meeting of the county board and the committee instructed to see what was necessary.

The bridge at this point is 460 feet long and is used a great deal by the people of the surrounding country as a crossing place.

The present structure was originally built by private individuals and run as a toll bridge. It was operated by the company for many years and after their charter expired the bridge was bought by the county and turned into a free bridge. It is a shabby old structure and has almost outlived its usefulness. The new bridge will be of iron and will be a modern one in every particular. It will be a great improvement over the old structure and will be appreciated by the people of Newville.

RELIGIOUS DEBATE OF NEW CENTURY

WHAT WILL PRESBYTERIANS
DO FOR THEIR NEW FAITH.

On Thursday Next the Proposed
Changes in the Creed Will Be
Taken Up at the General Assembly
Now in Session at Philadelphia—
Members Are Not Agreed.

Philadelphia, May 20.—It is like this, as I understand it: The Presbyterian creed sends a man to heaven or the other place whether he wants to go there or not. If he's going, he's going, and that is all there is to it. That's the doctrine of election. I believe that if a man does the best he can he's all right, creed or no creed.

"There is a sentiment about the old creed that holds a great many to it in spite of the changes that have taken place in the mind of the church. It is like an old house that a man keeps up because his father and grandfather lived in it. A question of sentiment merely. Of course sentiment has its value but it is wholly impossible for men of today to accept merely from sentiment what was written two centuries and a half ago."

A Great Religious Debate.
The speaker just quoted was not talking for publication, but was discussing the question. What will the Presbyterians do with their confession of faith? This conversation is typical, however, of many that are taking place during the present general assembly, and represent the views of many who are watching with a deep interest the progress of revision.

On Thursday next will come the great religious debate of the new century. The commissioners will have had ample time to study the reports and will be prepared to express their opinion. They will find, for instance, that thirty-one of the 232 presbyteries did not reply to the question submitted by the committee that fifty asked the assembly to dismiss the whole subject; that one vote was indecisive; that four presbyteries said that they neither desired a revision nor supplemental statement, nor a brief statement, nor a dismissal of the whole subject.

Desires Some Change.
In the answers of the remaining presbyteries, nearly two-thirds of the whole number asking for some change in the creedal statement, forty-seven desired a revision of the confession, eleven an explanatory statement, fifty-two a supplemental statement, fourteen a substitute creed, one an alternative creed, and six some change not specified.

With these nine possibilities before them the committee has decided that the church desires some change in its creedal statement, but none that will in any way impair the integrity of the system of doctrine contained in the confession of faith, and it therefore recommends that a committee be appointed to prepare amendments in chapters 3, 10, 16, 22 and 25, with additional statements concerning the love of God for all men, missions and the Holy Spirit.

Members Not Fully Agreed.
So far the committee is a unit, but the members are not agreed as to the proposed brief summary of the reformed faith, which has been suggested and which will be recommended by the majority "to vindicate and clear the doctrines of the church from all false aspersions and misconceptions."

The minority report, which will be presented, unless there be a compromise within the next few hours, will take a firm stand against the summary of doctrine, which is held by the members of the minority to be an additional standard of orthodoxy, liable to all the objections which lie against the new creed. All that the church desires, according to their view, will be obtained by the proposed revision which all the members of the committee unite in recommending.

Neither the majority nor the minority limit the proposed revision to a modification of the text: the committee which is recommended would have the power if the report carries to prepare a declaratory statement similar to those adopted by the Presbyterian churches of Scotland. The possibilities for debate are therefore wide.

Edna D. H. Ryan, Attorney.
STATE OF WISCONSIN—County Court for Rock County.—In Probate.
Notice is hereby given that at a special term of the county court to be held at the court house, in the city of Janesville, in said county, on the third Tuesday of June, A. D. 1901, before Judge J. W. Ryan, at 10 o'clock a. m., the following matters will be heard and considered and adjourned.
The application of Katherine Ryan for the adjustment and allowance of her final account as executrix of the will of Michael Ryan, late of the city of Janesville, in said county, deceased, and for the assignment of the residue of said estate to such other persons as are by law and the terms of said will entitled thereto.
Dated, May 13, 1901.
By the Court,
J. W. Ryan, County Judge.
Edward H. Ryan, Attorney.

PAN-AMERICAN EXPOSITION OPENS

(Continued From Page 1.)

chief marshal, and the programme consisted of parades, ceremonies in the Temple of Music and special outdoor features. There were two separate and distinct parades—an Exposition parade and a concessionaires' parade, leaving the City Hall at 10 a. m.

The Exposition parade consisted of the United States troops in this city, the Mexican National Band, a detachment of all arms of the Mexican army and other foreign troops in the city, the Fourth Brigade, N. G. S. N. Y., all under the command of General S. M. Welch, escorting carriages containing the Exposition officials and their specially invited guests.

The parade of the concessionaires was participated in by all the concessionaires. It was accompanied by 15 bands and was two miles in length, showing the wonderful features and interesting people of the Midway.

The ceremonies at the grounds consisted, first, of a grand flight of carrier pigeons freed on the Esplanade and conveying the news of the dedication of the Exposition to the world. The invited guests then proceeded to the Temple of Music, where the following programme was carried out under the direction of the Hon. John G. Milburn, president of the Pan-American Exposition:

Music by the Seventy-first Regiment Band, under the direction of Professor Randall.
Opening prayer by the Right Rev. C. H. Fowler, bishop of the N. E. church.

Address by his honor Conrad Diehl, mayor of the city of Buffalo.

Poem written for the occasion by Robert Cameron Rogers.

"Save Libertas," Sturm, by Buffalo Orpheus and Orchestra, John Lund conductor.

Address by Hon. Theodore Roosevelt, vice president of the United States.

Music.

Address by Senator Henry Cabot Lodge of Massachusetts.

Poem written for the occasion by Frederic Almy.

Address by the Hon. Timothy L. Woodruff, lieutenant governor of the State of New York.

"America," by band, Orpheus and audience.

Benediction by the Right Rev. William D. Walker, bishop of western New York.

At noon there was an exhibition of scientific kite flying by Mr. E. I. Horsman, scientific kite expert of New York, and his staff of kite fliers. This consisted of tandem kites and Eddy war kites, suspending the American flag and discharging American flags in the form of parachutes, others supporting a great banner bearing the word "Welcome," with others bearing different flags and streamers at various heights. There were also down tandem kites with flags and a tandem of yacht or ship kites.

At the close of the ceremonies in the Temple of Music there was a great display of day fireworks, including a grand salute of 125 aerial guns fired from steel mortars, the ascent of 27 large 12 foot gas balloons, each lettered with the name of one of the Pan-American countries and carrying the flag of the country; salute to the states, 46 mammoth cannon report rockets, one for each state of the Union, fired simultaneously; magnificent display of Japanese daylight fireworks, released in midair from Japanese bombs; oriental kite display, exhibiting 150 kites, from which will be displayed Pan-American flags and the New York State flag; daylight bomb cloud shells, setting free American and Pan-American flags, with souvenirs of the dedication day; simultaneous discharge of 1,000 small gas balloons, sent up in triplets, each bearing a souvenir of the dedication day; grand American salute, consisting of 500 large gun cotton rockets.

The completed Exposition is a distinct triumph in countless ways. Never before has there been such an effort put forth to produce rich decorative effects. These are to be seen in the symmetrical arrangement of the buildings around spacious courts, the glow of color upon all the buildings, the play of fountains and cascades, the profusion of blossoming flowers, the generous use of intricate molded ornaments upon the buildings, the great number of sculptured groups by famous American sculptors and at night the softly diffused yet brilliant lighting effects produced by means of more than 300,000 incandescent electric lamps upon buildings and throughout the grounds.

The grounds of the Exposition comprise some 350 acres, very accessible by steam and electric lines from all parts of Buffalo. When it is recalled that it was only the 4th day of last June that the first piece of timber was piled aloft as the beginning of what is now a magnificent Exposition city, one can but marvel at the executive force which has brought this work to its present state of completeness.

The cost of the Exposition as it now appears is approximately \$10,000,000, exclusive of exhibits. Of this sum the Midway represents an expenditure of about \$3,000,000. Nothing seems to have been forgotten in perfecting the plan, and there is every convenience for the visitor and an abundance for him to examine and enjoy. The admission price is the same as usual at exhibitions, half a dollar, but it entitles one to a full day at the most beautiful festival of the kind that has ever been brought into existence. No pen will be so presumptuous as to attempt to describe the architectural and color beauty of the Pan-American Exposition. It is a magnificent, an extravagant, dream brought to a harmonious and beautiful realization. The triumph of the architect, the colorist, the landscape architect, the sculptor and the electrician is complete.

There are about 150 buildings in the Exposition plot, of all sizes and descriptions, and an abundance for every one to see, no matter how long he may choose to remain. The most novel exhibits perhaps are to be found in the Electricity building, for in that particular science, wonderful strides have

been made within the last few years. Notably among these is the transformer plant, where 5,000 horsepower is received from Niagara Falls by cable at a pressure of 11,000 volts and stepped down to 1,800 volts. This power is used for lighting the vast Exposition area. A daylight brilliancy will pervade the Exposition until 11 o'clock each night. The exhibit of Street Railway appliances is also of a very complete and interesting character. The exhibit made by Thomas A. Edison, showing the development of many of his important inventions, constitutes another attractive feature. Demonstrations are to be made of Wireless Telegraphy and the X Rays. In the center of the Machinery and Transportation building is a working exhibit of a large number of Pumping Engines. These supply the water for the various fountain features of the Exposition. Among these water displays is a cascade in the southern face of the Electric Tower, from which there is a flow of 35,000 gallons of water per minute, making a beautiful veil-like cataract 70 feet high. Upon this cataract electric lights of many colors will be thrown

Women Dread

The disfigurement caused by skin disease, even more than the tormenting irritation which is so commonly associated with it. The use of Dr. Pierce's Golden Medical Discovery generally results in a complete cure of eczema, pimples, eruptions and other forms of disease which have their cause in an impure condition of the blood.

"Golden Medical Discovery" absolutely purges the blood of humors and poisons, and so cures the cutaneous diseases which had blood breeds and feeds. There is no alcohol in the "Golden Medical Discovery" and it is entirely free from opium, cocaine, and all other narcotics.

"I was troubled with eczema from the crown of my head to the soles of my feet," writes Mrs. Ella Quick, of Cass City, Missouri Co., Mo. "I could not walk at times, nor wear my shoes. I thought there was no help for me, at least the doctor said there was none. I went to see friends at Christmas time and there heard of the good that Dr. Pierce's Golden Medical Discovery had done for them, and was advised to try it at once. For fear that I might neglect it my friends sent to the village and got a bottle and made me promise that I would take it. I had been getting worse all the time. I took thirteen bottles of the 'Golden Medical Discovery' and ten vials of Dr. Pierce's Pleasant Pellets, and used the 'At Healing Salve,' which made a complete cure. It was slow, but sure. I was taking the medicine about eight months. 'I would say to all who read this: Try Dr. Pierce's Golden Medical Discovery before wasting time and money.'"

Dr. Pierce's Pleasant Pellets assist the action of the "Discovery."

DEADLY DEEDS OF MANIAC

Man Slays Neighbors and Battles with Mob.

THREE DEAD. THREE INJURED.

Evansville Man Kills Two Neighbors and Himself—Wounds Officer—Slays a Herd of Cows and Two Bystanders Are Wounded.

Evansville, Ind., May 20.—Murderous hate, inspired by an injustice which he believed had been done to his father in business matters, caused Evert Conway to kill his neighbor and his neighbor's wife, fatally wound a policeman and shoot two other men. In his rage he killed every cow in his neighbor's stable, set the stable on fire and just missed shooting his own father when the latter tried to interfere with him. He ended his bloody course in his own home, where he shot himself through the heart, after the entire police force of the city, numbering fifty men, had surrounded the house and made his escape impossible. This is the record of his rage: The dead are: Evert Conway, switchman, aged 27; W. C. Garrison, aged 31, dairyman; Mrs. W. C. Garrison. Fatally injured: Benjamin Wallis, policeman, aged 40; shot in the forehead. Others injured: Edward Davidson, Adam Crawford. Orphaned: Two children of the Garrisons, aged 10 and 4.

Origin of the Trouble.
Conway lived with his aged father, his wife and two children in the lower part of the city. Next door to him lived W. C. Garrison, whom he shot, he also having a wife and two children. For months there had been bad blood between the two men and their families. Garrison had purchased the dairy business of the elder Conway, and had made so much money out of it that young Conway, who was a railway switchman, began to believe his father had been defrauded. After open quarreling the two young men ceased speaking to each other. Then Conway wrote Garrison letters ordering him off the place and making threats. Finally the children of the two families began to fight each other. This morning Conway, with his mind made up as to the course he should take, was ready for action. He rose bright and early and prepared himself for work. He said not a word to his wife about his plans, and she supposed he was preparing to go as usual to the Louisville and Nashville yards at Howell. Rifle in hand, Conway strolled out moodily to the barn, which was used in common by the two families. On one side was his father currying a horse, while on the other Garrison sat on a stool milking. Calmly, as if he had come to pass the time of day, the man with his mind fixed upon murder walked up to Garrison, lifted the rifle to his shoulder and fired. The bullet struck the victim in the head and tore away the greater part of his face. Garrison fell lifeless on the spot.

It was an awful series of crimes that followed in the next ten minutes, but the elder Conway did all he could to prevent it.

Bold Burglary in Chicago.
Chicago, May 20.—While two masked burglars stood on either side of his bed at 4 o'clock a. m. and threatened to kill his wife if she did not cease screaming, Hugh McGovern of 661 Park avenue coolly reasoned with the intruders and furnished them with the information which resulted in his being robbed of diamonds, jewelry and other valuables estimated to be worth at least \$700.

Kills His Brother-in-Law.
St. Paul, Minn., May 20.—In the presence of his 6-year-old son, Frank Griepel was shot down in cold blood by his brother-in-law, Henry Mingers. Three shots were fired, two bullets lodging near the heart and another entering the left temple. Griepel died almost instantly.

Vitality, nerves like steel, clear eyes, active brain, strength, health and happiness comes to those who take Rocky Mountain Tea, made by Madison Medicine Co. 35c. Smith's pharmacy, kodak agents.

ASPHALT OF TRINIDAD

Found in a Lake in an Area of About 114 Acres, Which Contains About 6,000,000 Tons.

The asphalt of Trinidad is found in a so-called lake, situated about 100 feet above the sea and about three miles from the shore of the island, at the village of La Brea (the Spanish word for pitch). Its area is about 114 acres; its depth as far as ascertained by certain rude borings, is reported to be about eighteen feet at the sides and seventy-eight feet in the center; and underlying it there is said to be a bed of blue clay. If these figures are correct, the lake contains about 6,000,000 tons of asphalt. Whether these borings are even approximately accurate is, however, very doubtful. It is even contended by some that the lake is still fed from underground sources. The only positive information on the subject is the fact that the excavations of the last ten years (about 180,000 tons) have not appreciably lowered its level.

The word "lake" applied to this deposit is an entire misnomer. It is a level tract of brownish material having an earthy appearance. Cracks or fissures having a width and depth of a few feet appear here and there over the surface. Some of them are filled with rain water, while others have been filled with soil blown ther by the wind and giving support to a scrubby vegetation. Some travelers have reported that the deposit is liquid in the middle, but such is not the fact. Carts and mules can be driven everywhere on its surface. The material is dug with a pick and shovel, loaded into carts, and hauled to the beach. Here it is placed in baskets, which are carried by coolies wading through the surf to lighters, and from these lighters it is loaded on vessels. During the voyage the material unites in a solid mass, and has to be removed again by the use of pick and shovel. On being unloaded it is placed for about five days in large tanks heated by a slow fire. The moisture is expelled the roots of trees and other vegetable matters are skimmed off the surface, the earthy matter with which it is combined settles by gravity, and the refined product is run off into barrels. The refining is in reality a mere heating to a liquid condition, in order to allow the sediment to deposit; and great care is taken not to heat the material to a point which will in any way change its chemical condition or produce distillation.

If young ladies think sores, pimples and red noses look well with a bridal veil and orange blossom, it's all right. Yet Rocky Mountain Tea would drive them away. Smith's pharmacy, kodak agents.

WON BY THE BELOIT COLLEGE ACADEMY

Janesville High School Was Second and Beloit High Third—Summaries of the Events.

Beloit College academy won the triangular track meet with ease at Keep field, Beloit, Saturday. Janesville high school was second and Beloit high third. The points scored by the winner of the meet were 73. Janesville secured 32 and Beloit high school 30. The academy took all the firsts in the dashes and runs, Crane being especially good. This athlete scored 30 of the points made by his team.

The crowd was not large but much interest was manifested. The summaries:

100-yard dash—Crane, A. 1st; Walker, A. 2nd; Bump, J. 3rd. Time 11.15 seconds.
230-yard dash—Crane, A. 1st; Campbell, A. 2nd; Golden, J. 3rd. Time 27 seconds.
440-yard dash—Campbell, A. 1st; Rogers, B. 2nd; Christofferson, A. 3rd. Time 58 seconds.
880-yard dash—Crane, A. 1st; Kent, J. 2nd; Mills, B. 3rd. Time 3:32.
1 mile run—W. Ferris, A. 1st; Hart, B. 2nd; Kent, J. 3rd. Time 4:58.
120-yard hurdle—McCoy, A. 1st; Bump, J. nd; Blair, B. 3rd. Time 21 seconds.
230-yard hurdle—Rogers, B. 1st; McCoy, A. 2nd; Blair, B. 3rd. Time 35 seconds.
Running high jump—Blair, B. 1st; McCoy, A. 2nd; Barron, J. 3rd. 4 feet, 11 inches.
Running broad jump—Walker, A. 1st; McCoy, A. 2nd; Blair, B. 3rd. 19 feet, 7 inches.
Pole vault—Blair, B. 1st; Holloway, J. 2nd; Colby, A. 3rd. 9 feet.
Discus throw—Ryan, J. 1st; Crane, A. 2nd; Mills, B. 3rd. 85 feet, 5 inches.
Shot put—Crane, A. 1st; Ryan, J. 2nd; Mills, B. 3rd. 36 feet, 11 inches.
Hammer throw—Ryan, J. 1st; Blair, B. 2nd; Crane, A. 3rd. 87 feet, 5 inches.
Relay race—Academy, first; Janesville, second.
1 mile bicycle race—Light, A. 1st; Lewis, J. 2nd; Colby, A. 3rd. Time 2:38.

BUSY FARMER WANTS A WIFE.

Has No Time To Court So He Advertises His Needs On His Fences

New Holstein, Wis., May 20.—Herman Munster, a farmer of this county, is so anxious to find a wife and so busy he has no time to look for one, has painted large signs, "Wife Wanted," on his fences, and is waiting for answers to his advertisement. The signs have been up for a week but up to date no constables have been required to keep in line the women anxious to take up Herman's burden. In fact, Herman hasn't had a single application, much to his surprise. "I had supposed," he said, "the country was full of girls anxious to be married. I can't understand why they don't accept my offer except they fear that I am not in earnest. This is no joke with me. I need a helpmate but am so busy I can't look up one as other men do and I was forced to advertise."

FORTY REASONS WHY HEG WAS SELECTED

Governor Voorhees of New Jersey, Defends the Appointment of the Wisconsin Man.

Trenton, N. J., May 20.—"There are forty reasons why James E. Heg was chosen for the Rahway reformatory. He was chosen by the commission because of his training, his experience and his observation," said Governor Voorhees the other day. "The position requires the services of a man of special aptitude, and we sought out the best man we could find. The commission realized that it wanted a man properly qualified to take up the control of such an important place. We made inquiries all over the United States for a man for the position and went to all sorts of penal institutions in search for one. We wanted a man who had the experience and mental ability to judge when boys in the reformatory should be allowed out on parole."

"How did you hear of Mr. Heg?" "We heard of him during our search for a man. He organized the Wisconsin reformatory and built it up to a high plane of excellence. Mr. Heg came here reluctantly. He is an old newspaper man and we wanted a man of intelligence and ability and experience and he filled the bill. His relationship to Congressman Fowler had absolutely nothing to do with his appointment. The congressman did not know we had the name of his brother-in-law under consideration at first."

RECALLS AN ACT OF HEROISM.

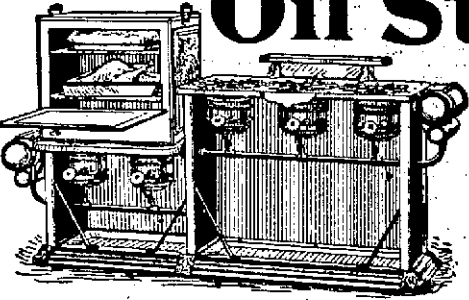

Iowa Railroad Abandons a Bridge Made Famous by Kate Shelley.

Boone, Iowa, May 20.—Kate Shelley, the Moingona heroine, will on next Sunday be railroaded into obscurity. Years ago she left her bed and in a howling storm crept over the big bridge crossing the Des Moines river, which had been damaged by the flood and signalled an approaching train about to plunge into the raging torrent. A generous public contributed \$1,000 in recognition of the brave act, and in past years train hands on the Chicago and Northwestern road have been accustomed to point out a little vine-clad cottage which the girl built with the money. The place is near the eastern approach to the bridge, the scene of her courageous act, and in plain view of all the trains as they swing around the curve. Commencing on Sunday, however, Kate Shelley's place will be seen but semi-occasionally; for the trains are to be run over the new cut-off, which will leave Kate Shelley and Moingona miles to the south. No more will admiring passengers and train men get a wave from a shaft.

DIE IN EACH OTHER'S ARMS.

Rich Resident of Pelham Poisons His Son and Himself.

New York, May 20.—Crazed by overwork, John L. Haigh, a rich resident of Pelham, poisoned his 6-year-old son and then swallowed a fatal dose himself. The two died in each other's arms before medical assistance could reach them. Haigh was 30 years old and an expert accountant for Roberts, Cushman & Co., wholesale dealers in millinery supplies at 10 Washington place, Manhattan. His wife was a great favorite in Westchester county society, and their home in Pelham is one of the finest residences of the section. Haigh had been working unusually hard for the last three months, taking books home with him at night and poring over them until the small hours.

Father and tiny son lay outstretched on the floor locked in each other's arms. The man's lips were pressed to the child's blond curls. The boy's chubby fingers held a rag doll, the mother's last gift. On the floor beside them lay a pint bottle nearly full of cyanide of potassium—enough to kill 1,000 men.

THE FIRE RECORD.

1,000 Bales of Cotton Burn.

Selma, Ala., May 20.—Fire broke out in Babcock's cotton warehouse at noon yesterday, destroying 1,000 bales of cotton, and the building. The total loss is over \$55,000. Work of the volunteer fire department saved about \$100,000 worth of property.

Terra-Cotta Plant Burned.

New York, May 18.—The big plant of the International Clay Manufacturing company, makers of terra cotta, at Perth Amboy, N. J., was destroyed by fire tonight. The loss is estimated at \$175,000.

Lightning Destroys a Home.

Philadelphia, Pa., May 20.—The country home of T. B. Wannemaker, at Meadow Brook, Montgomery county, was struck by lightning this morning and entirely destroyed. The loss is estimated at \$500,000.

Dies at Wife's Tombstone.

Mattoon, Ill., May 20.—While gazing at the monument just erected over the grave of his first wife in a cemetery at Paris David A. Welton, an Edgar county farmer, was stricken with apoplexy and died before he could be removed to his residence. His present wife drove with him to the cemetery and was a witness of his tragic demise.

Alton, Ill., May 20.—A rich strike of zinc ore is said to have been made near Newbern, Ill., by a company of Pierce City, Mo., prospectors, who will start to work in a short time sinking a shaft.

MOB CLAMORS FOR BLOOD.

Seeks the Life of a Brutal Murderer in Pennsylvania.

Connellsville, Pa., May 20.—Five thousand frantic people surrounded the fragile little lockup in the town hall here at midnight. Behind the cell bars trembled William Fairfax and his wife, "Black El," both colored, who had murdered William Moore, assistant yardmaster William Moore, assistant yardmaster William Moore, and Ohio yards here and a man well known in Fayette and Westmoreland railroad circles for many years. Moore was struck on the head by a brickbat, robbed and thrown over a stone wall, the fall breaking his neck. The mob, determined to lynch Fairfax, battered a hole through the jail wall and cell bars, exposing the guilty negro, but the authorities stood with presented revolvers and prevented a lynching. The two prisoners were rushed to Uniontown on a special train and locked up.

WAR ON STRONG DRINK.

Plan for Convention of the Total Abstinence Union.

Dwight, Ill., May 20.—The thirty-first annual convention of the Catholic Total Abstinence Union of Illinois will be held at Dwight on Sunday, May 26, and Monday, May 27. Arrangements are about completed for the convention, which bids fair to be the largest in the history of the movement in the state. The convention will be opened with high mass in the morning, and the appointment of a committee on credentials, a business session in the afternoon and the appointment of the committee on resolutions and constitutional amendments. The railroads have granted reduced rates to the convention and excursions are coming from Braidwood, Streator, Peoria, Joliet, Springfield, L'Orstout and other points throughout the state.

Find Dynamite in Theater.

San Francisco, Cal., May 20.—Inspectors of the state board of health found a box of dynamite concealed beneath a pile of rubbish concealed beneath of the Chinese theater. President McKinley and his party had intended to visit that theater some time during the week. Twelve sticks of dynamite were found in the box, together with coils of wire and electric apparatus.

Roosevelt to Lay Corner Stone.

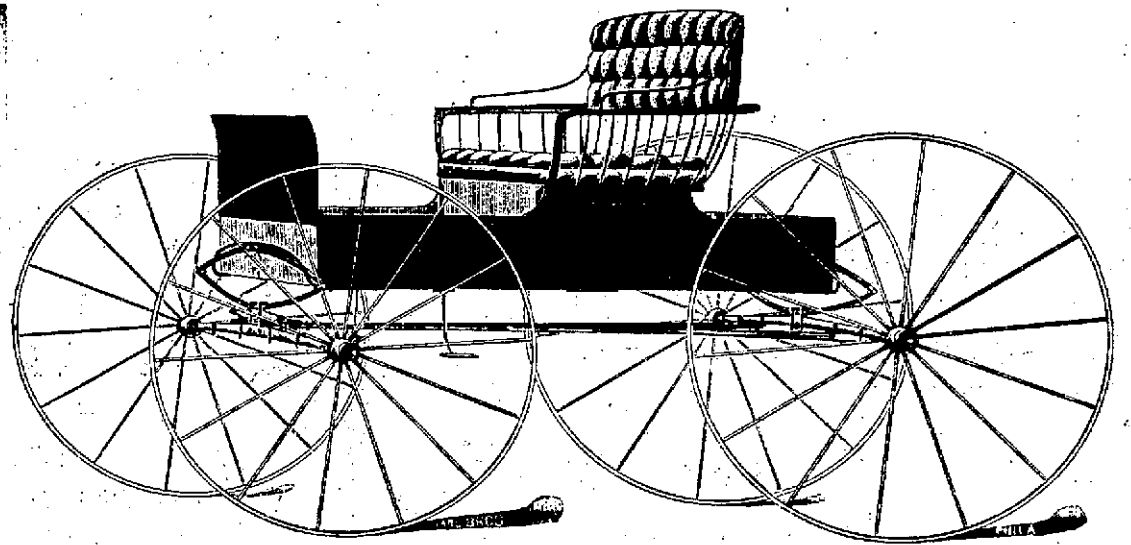

Colorado Springs, Colo., May 20.—The corner stone of the Y. M. C. A. \$50,000 home in Colorado Springs will be laid by Vice President Roosevelt in June. Roosevelt will arrive about June 23 to attend the third annual reunion of the Rough Riders. The corner stone ceremonies will occur at some time during the reunion.

More Gold for Europe.

New York, May 20.—Goldman, Sachs & Co., shipped \$250,000 gold coin to Holland today.
